TERM DATES 2020

Term 2:
13 April – 26 June
Term 3:
13 July – 18 September
Term 4:
5 October – 17 December

Remember: Bring a water bottle to school everyday!

Hi parents, families and children,

Public holiday, Monday June 8. Children are not to attend school.

The **children in Grades 3-6** are due to return on **Tuesday June 9th.**

All students in grades 3-6 will need to **return all devices and chargers** to school on this day.

All the children have done a great job completing tasks and meeting with their teacher via Google Classroom. We have links on our website that will allow you to view completed work that the children have been doing.

Please note all children are to enter via the gates on McBryde Street (front entrance of the school) or Tyrrell Crescent (near the gazebo)

All children have their temperature taken when they enter and are given hand sanitiser.

Before and After School Care. Our program is able to offer **FREE BEFORE AND AFTER SCHOOL CARE until the end of the term.** If you wish to have your child attend, call in before or after school so Gemma can help you complete the forms.

End of Term 2. This term finishes on **Friday June 26, 2.30 finish.**

Term 3 begins on Monday July 13.

CANTEEN

Canteen is currently closed until further notice.

Student BANKING

Unfortunately we are unable to accept student banking at this time.

ClassDojo

At Fawkner Primary School we are using ClassDojo for awarding and keeping track of Positive Behaviour Points.

Each teacher has their own class account whereby they can reward a student who is displaying positive student behaviour by issuing points. This is the only feature of ClassDojo that we are using at our school.

In order for us to use this software we only need to upload your child's name. No other information is used.

Our Principal has overall responsibility for ClassDojo however each teacher has access to his or her class to award the points.

ClassDojo has been certified by iKeepSafe, an FTC-approved COPPA Safe Harbor, for compliance with their COPPA Safe Harbor program. They use security industry best practices including using encryption and other security safeguards to protect personal information.
